Human Capital is the #1 key to your success or failure – PERIOD!

#2

You must have a Strategic Plan and be held accountable to it

#3

You must “work on your firm” or you just have a job

#4

You must “Build Your Franchise”

#5

You must have weekly staff meetings

#6

You must empower your staff to do their jobs

#7

You must have deep, meaningful relationships with your clients – if you do, they will never leave you

#8

Clients will not come “flying in the windows”. You must market but it doesn’t have to be painful.

#9
